

HIFB VIRTUAL 2020
OCTOBER 15 -19

BIRD FROM HOME CHALLENGE

Mōlī

Laysan Albatross

INSTRUCTIONS

This activity requires at least two people* .
Cut out each bird. Each evening before bed, task one person to place these birds in spots around the house. The next day, have the remaining household members find them. Just like that, you're birding Hawaiian species from home! You can make this as casual or competitive as you want. Happy birding!

*If you have a bad memory, you could get away with doing this activity on your own! ☺

'I'iwi

Kōlea
Pacific Golden-Plover
