

My friend the 'Io

Directions:

Cut out face and beak shapes.

Paste the curved beak shapes together and use the folding tabs to attach to the face.

Overlap the forehead over the tabs on the face and glue. Use the title and subtext as bands to complete your hat.

'Io (*Buteo solitarius*) are found only on Hawai'i Island. They can be seen soaring over forests, maintaining their place at the top of the food chain.
